### Lipreading

Lipreading is a skill a deaf or hard-of-hearing person uses to understand a speaker. The lipreader watches the movements of the lips, face and body and uses information provided by the situation, language and any useful hearing that remains. If you are deaf or hard-of-hearing, practising lipreading will improve communication and help you retain a sense of identity, by helping you understand the nature of your hearing loss. You will also be given information on the latest developments in technology and support. All tutors are qualified specialist lipreading teachers for adults.

### Movement for musicians

You should wear loose, comfortable clothing. You may wish to bring a towel and a bottle of water with you. The courses are suitable for those who wish to work more gently, with low impact, as well as for elder learners. Avoid eating at least one and a half hours prior to exercising. Please see movement classes health checklist before you enrol, page 30.

See how basic yoga principles and practices can enhance your musical playing, using gentle and simple Yoga for musicians exercises, voice work and creative music-making. Bring your instrument and wear loose clothing.

You will be able to identify a personal direction for your work within the general field of art and design in preparation for further studies at degree level. The programme runs over four terms involving approximately 15 hours' study per week, leading to the Edexcel Diploma in Foundation Studies (Art and Design) and ending with a student exhibition. No formal qualifications are required other than a basic understanding of drawing (see 'Drawing 1' page 99). You can pay termly. If you are on low income or benefits, ask us about options for financial support. Entry is through an informal interview with a member of the foundation staff. Advice will be given about whether you can join at stage 2 (below), or at stage 1 in September or January. For further advice or to arrange an interview, call Visual Arts on 020 7492 2700.

## Digital arts

The digital arts studio is equipped with industry-standard hardware and software. Apple Mac computers are used, but most material is equally applicable to a Windows environment; tutors will explain any differences. You may wish to take 'Using Apple computers for visual arts work' first. Please read the more detailed course outlines before enrolling: visit www.citylit.ac.uk or call 020 7492 2600. If you have a specific query, email digitalarts@citylit.ac.uk. For further computer-based courses for graphic design and desktop publishing please see page 13.

# Paying for your course

"At City Lit you can enjoy excellent value for money; thanks to government subsidies on average we only need to charge you for less than half of the cost of your course. Changes in government priorities mean that we can now expect to receive less public funding, and recent press stories have caused a lot of concern about what this will mean for adult learners. But I am pleased to tell you that, as you'll see inside this guide, we have been able to retain the vast bulk of our provision and keep prices at very reasonable levels. Remember, you can help protect future funding for lifelong learning by letting your MP know what it means to you."

### Did you know:

- For a typical course you pay just £90, as the government pays £150 to cover the full cost of the course.
- 80% of our students surveyed felt City Lit courses offered excellent value for money.

### Please note

Prices and policies in this guide are correct at the time of publication but are subject to change.

### **Transfers**

Due to financial considerations we are unable to transfer students between courses, and enrolments cannot be transferred between students.

### FC: full cost courses

City Lit receives government funding from the Learning and Skills Council (LSC) to help reduce the fees that students have to pay. However, this doesn't extend to all courses.

Some have to carry a higher fee and on these courses we are not able to offer senior or concessionary fees. These are the 'full cost' courses and can be identified with the symbol FC. If you do need additional support, the department for the course you have chosen may be able to suggest a similar course on which you would qualify for additional support.

### Refunds

City Lit will issue a refund provided your written request is received at least three weeks before the course starts. You will receive a refund of the course fee paid, less an administration fee. The fee is 20%, with a minimum charge of £10.00 per refunded course, covering administration costs and the loss of potential income to City Lit.

If you think your request is covered by the Disability Discrimination Act please inform the Data Team Administrator.

Please email refund.requests@citylit.ac.uk or fax your request to 020 7492 2735. Alternatively, forward your written refund request to: the Data Team Administrator, City Lit, Keeley Street, WC2B 4BA.

We are only able to grant refunds which are in accordance with our refund policy. You can obtain the full refund policy from our website or upon request via the Enrolment Desk, Department Enquiry Desk or the Supported Learning Centre.

This does not affect your statutory rights.

If we have to cancel a course and cannot offer a suitable alternative you will receive a full refund and a £5 shopping voucher as compensation for your disappointment.

**Tip**: Avoid the need for a refund by reading the detailed course outline and making sure you are joining a course that is right for you. Call 020 7492 2600 with the course code to hand or enter it in the course search at www.citylit.ac.uk

### Course fees

There are three levels of fee for most courses. A standard fee, a senior fee (available to students 65 years old and over, on a limited income), and a reduced (concessionary) fee (available if you are in receipt of income-based benefit, including minimum income guarantee). Please check the next section, 'Reduced fees', to see if you are eligible. On a minority of courses, only the standard fee is available (see 'FC: full cost courses', page 111).

If you are having difficulty paying your fees, contact the Information and Advice shop (see page 5) to see if you are eligible for a learner support loan.

### Reduced (concessionary) fees

In order to pay the reduced fee (concessionary fee) you must provide current evidence (no older than six months) of your entitlement each time you enrol.

If you are enrolling in person we must see this evidence at the time of your enrolment. If you are enrolling by post or fax, please include a copy of this evidence. We will be unable to process your enrolment at a reduced rate without it.

If you are enrolling by telephone, you must provide a copy of your evidence of entitlement to a reduced fee before the course commences, or within two weeks of enrolment, whichever is sooner.

You are eligible to pay the reduced fee if you are:

- Receiving income-based benefit.\*
   Please provide a current giro, payment book or recent letter from Jobcentre Plus confirming that you are in receipt of benefit at the time of enrolling. The letter must be dated within the 6 months prior to the date of enrolment.\*\*
- Dependent on a person in receipt of income-based benefit. Please provide evidence of the benefit and your relationship to the recipient.
- In receipt of working tax credit or disabled person's tax credit. Please provide the original full award certificate, detailing a household income of less than £15,050.
- Receiving housing or council tax benefit. Please provide evidence. Please note that council tax exemptions and discounts are not classified as council tax benefit.
- \* We are unable to accept Incapacity Benefit, Disability Living Allowance or Child Tax Credit.
- \*\* JobSeeker's Allowance appointment booklets are NOT valid as evidence.

If you work and have a very low income, but are not entitled to pay the concessionary fee, you may be able to apply for help towards part of the fee. Please visit Information and Advice in the ground foyer for information.

### Senior fee

City Lit invites you to apply for the senior fee if you are over 65 and believe you need it, but based on a self-declaration rather than a means-tested system.

No age-related concessions are offered on vocational courses – defined as those which attract a recognized vocational qualification, or the title makes it clear it is aimed at employability.

The senior fee is available on daytime courses only, but you will have to request the senior fee having read the following statement:

"Please note that the Government does not provide any automatic concessions for retired people. On certain courses City Lit provides some financial support, aimed at older learners (aged 65 or over), who rely entirely on a state pension or whose household income is below £15,050 p.a. If you wish to claim this concessionary fee please indicate this in the reduced fees section of the enrolment form and learning agreement."

### Students under 19

We are unable to enrol anyone aged under 18 years.

If you are under 19 at 31st August 2007, and not an international student, you will not be charged any tuition fees and may enrol on a maximum of three courses.

In addition, you are not permitted to enrol on full cost courses (see page 111).

### International students

If you are an international student you must pay a higher fee because government funding is not available for your learning. This is double the full tuition fee, plus any applicable exam/supplementary fees, for all courses apart from those in the 'Skills for Learning and Life' section. These courses cost £10 per hour for international students. Please contact the enrolment team on 020 7831 7831 for details.

You will be classified as an international student if you have not been ordinarily resident in the UK or European Union for three years preceding the start of your course or if you have any restrictions on your stay. A visa does not constitute ordinary residence. If you are unsure of your status, please check with enrolment staff.

### Exam fees

Exam fees are included in the course fee, unless otherwise stated. Where City Lit has committed to paying exam fees to a third party, these exam fees are non-refundable.

# Job seekers' allowance and part-time students

If you are claiming the above and require a letter confirming your hours of study, please contact the enrolment team, located in the foyer.

### **Bursaries**

If you are unable to afford the course fees you have an opportunity to apply for support from the City Lit Student Bursary. The scheme seeks to help students who are unable to afford the full course fees and is particularly aimed at those wishing to study courses for vocational reasons or to help transform their lives. For more information please contact the Information and Advice service. Telephone: 020 7492 2500 or email: advice@citylit.ac.uk.

### Employers paying staff course fees
